

UPDATE FROM ADALAH GLOBAL SUMUD FLOTILLA, LAWYERS DENIED ACCESS TO PARTICIPANTS

2 OCTOBER 2025 – 14:45 GMT+3

Following the illegal interception of dozens of ships of the Global Sumud Flotilla last night and earlier today, Adalah has received phone calls from participants reporting that immigration authorities have already begun conducting hearings on their deportation and detention orders, in the Ashdod port. These proceedings were initiated without prior notice to their lawyers and while denying participants access to legal counsel.

This constitutes a grave violation of due process and a denial of the participants' fundamental rights. Adalah will continue to seek access and will take legal action as necessary. Follow Adalah's WhatsApp channel for updates:
